Sara D. Jenkins.
Mrs. Sara D. Jenkins of The Popular Educator possesses the qualifications of the ideal school journalist. Mrs. Jenkins, says the New York Tribune, combines with a ripe scholarship and professional training a natural power to see clearly all the relations of a subject and has the skill to present them simply and attractively so as to arouse enthusiasm in her pupils and insure the best results. She has had an extensive experience as teacher, first in Oswego, then in the Girls' High and Normal schools in Boston, the principalship of the City of Boston Training school, professorship in the New York College for the Training of Teachers, a course of study in French, and of study and travel abroad, all of which she brings to assist her work in the editing of The Popular Educator.

Women Delegates.
For the first time in the history of organized labor in Kansas City two women have appeared on the floor of the trading Trades council as delegates. They were representatives of the ladies' auxiliary and seemed to enjoy exercising their full delegated power. The male members enjoyed the advent of the new delegates. The two women members did not participate in the discussions, but took a deep interest in everything that went on.

Cupid breaks his bow at the sight of a face full of pimples, hollow cheeks, sunken eyes, and a sallow complexion. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. The skin is not a thing by itself, and skin diseases are frequently not skin diseases at all. All the lotions and bleaches and creams and powders in the world won't make a good complexion if the digestion is wrong. If the stomach is sour, and the liver torpid, and the bowels constipated, the skin will show it. No use trying to treat the skin for such a condition. The only way to relieve it is to cleanse the system and purify the blood. As long as the heart is pumping impurities to every part of the body, just so long these impurities will show through the skin.

Dr. Pierce's Golden Medical Discovery is good for the complexion because it cleanses the whole body healthy—because it cleanses and purifies the blood, and gives the digestion strong and clear out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the fusion of its own ingredients, it enriches the blood and so makes soft, clear, and healthy skin. It fills out the hollows, rubs out wrinkles and substitutes for sallowness a rosy, healthy glow. There is no mystery about it. It isn't a miracle. It is merely the result of a combination of rational, natural common sense with expert medical knowledge. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood. Don't let prejudice and scepticism cheat you out of your health. Dr. Pierce's Golden Medical Discovery will positively cure you, if suffering from diseases named above.

If you want to know hundreds of great medical truths, send 21 cent stamps to cover cost of mailing only, and we will send you FREE a copy of Dr. Pierce's 1008 page book, "Common Sense Medical Advice," a Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

A SONG TO THE SULTAN.
Here underneath the palm tree, full of shade,
The poet tasted peace and lingered long.
The master of the faithful he obeyed
And searched the Koran for a theme for song.
The vizier lodged him in his own fair house,
Where wise men gathered in a learned throng.
And when the caliph heard his pious words
He gave him gifts and shielded him from wrong.

There, in a white walled garden full of trees,
Through which there ran a deep, cold water brook,
Fringed with white tulips and anemones,
Among the tender grass he wrote the book.
Of Yusuf and Zuleika. Not one word
Was there of all the windy war that shook
Iran of old, nor was the ear once stirred.
With any name the faithful might rebuke.

Nine thousand Persian verses told the tale,
And when the perfect poem was set down
He rose and left the plaintive nightingale,
That long had tuned her throat to his sweet moan.
Before the caliph on a broad divan,
To sound of rebucks, in a silken gown,
He sat in state, and when the dance began
Declined about that song of high renown.

His music sank on well attuned ears.
The caliph leaped upon his throne and cried:
"Lo! I this day am as a man who hears
The angel Gabriel murmur at his side
And dies not!" At the voiceless harp door.
The screen was swayed by bending
And shook and soldiers, young and old,
For more.

Still pressed and wished and scarce
Would be denied.

Ah, pulmy days were those for singer's craft!
Now every worldling flings his cap in rhyme,
And from an easy bow lets fly a shaft
At verse much honored in his grand-
father's time;
Now many a glazer, soft with spices,
Along the alien mouth with frivolous
chime
And lightly rises from unhonored lips
The ancient rhythm sonorous and sub-
lime.

—Edmund Gosse.

An Old Newspaper.
An interesting old newspaper is described by a contributor to the Chattanooga Times. He says he owns a copy of the Rogersville Gazette, dated Saturday, Nov. 4, 1815 (volume 2, No. 14), which contains a letter dated Bordeaux, Aug. 25, 1814, stating the downfall of Bonaparte and another article telling of his banishment to St. Helena; an interview with a sea captain Oct. 21, who states that news had reached Havre Sept. 1 (date of sailing) that a treaty of peace was concluded between France and the allied powers and that Marshal Ney, having been tried and found guilty of treason, had suffered military execution; another interview with another sea captain one day later from Havre saying the foregoing reports lacked confirmation when he sailed. It gives lists of unclaimed letters in Rogersville and Blountsville postoffices. A letter from an officer of the regular army in the Creek country recounts the hardships of the soldiers and declares they had not been paid for 18 months to two years and that many were almost naked.

An editorial advocates Monroe for president and asserts, "Federalists dislike him, as they do every conspicuous and virtuous man."

It notes the execution of pirates at Havana and refers to the death of Governor Sevier in speaking of the commission (of which he was a member) running a line in the Creek country.

This paper was addressed to the great-grandfather of the writer in ink and is, yet legible, though dim.

St. Patrick and St. Paul.
Some time ago we prayed to the entire satisfaction of all the Presbyterians that St. Patrick was a Presbyterian, and now comes the Rev. Dr. Jean's excellent article in today's newspaper, "The Southern Presbyterian," with a demonstration that St. Paul was a Presbyterian. We note that Brother Jean does not call him St. Paul, but just plain Paul. We do not mind saying that both the Baptists and Roman Catholics lay claim to St. Patrick, and that their respective claims appear to be very well founded. We were not surprised if they should now get in a claim to Paul (St. Paul).—Chloroform News and

The Holy House Loretto.

About 15 miles south of Ancona on the main line is the station of Loretto, and on the hillside, about 3 miles, from the sea, stands the city. Towering far above the town rise the great dome and campanile of the wonderful fortified church which shelters within it the sanctuary, or holy house, every year the object of pilgrimages of so many thousands of the faithful. On entering the church one sees at once, standing under the dome, a strange low chapel covered with white marble carving and gleaming sculpture. A host of sixteenth century artists—chief among them Sansovino—carried out Bramante's design for the marble casing of the holy house. But in striking contrast to the rich exterior are the plain and rough stone walls of the interior. The innumerable silver lamps give a dim religious light, and the jewels on the image of the Madonna and the Child—a wonderful black image, carved, it is said, by St. Luke from cedar of Lebanon—scintillate in the gloom like incandescent stars.

Such is the holy house which angels are said to have brought from Nazareth in the thirteenth century in order to save it from desecration by the Hittites. But the house was not brought immediately to Loretto. The angels placed it first on a hilltop near Fiume, on the Dalmatian shore. There it stayed for three years, when it was moved again and deposited in a wood on the opposite side of the Adriatic, near Recanati. The wood was a laurel wood, and the house was consequently called *conca lauretana*, or house of Loretto. Twice more, however, the house was miraculously moved short distances, till it was at length placed in its present position, not a very convenient one, it might have been imagined, for it was then the middle of the public road.

It seems almost unnecessary to say that there have been those that have made merry at this frequent "translation" of the holy house, yet an innumerable multitude of the great ones of the earth, including many popes and kings, have paid homage to this black Madonna in its rude stone cottage.—Westminster Gazette.

Belief Comes With Knowledge.
"Travelers' tales," although they have always been regarded with suspicion, were received by our ancestors in a singularly credulous spirit, and Marco Polo, and "that archliar," even, Sir John Mandeville himself, were treated with more or less respect. But as it is to make up for their readiness to believe in "Gorgons and Hydras and Chimerae," when at a distance, other generations were singularly distrustful of most things near at hand. They displayed to a singular extent the wonderful skepticism that in all things directly touching the person generally accompanies ignorance. The state of mind was very much that of the honest farmer in the city who is in constant dread of being "bumped."

Ignorance doubts itself, and consequently everybody and everything else. It is only complete knowledge that is more nearly credulous, and advances toward it has been shown as much by what men are willing to believe and the readiness with which they believe it as by anything else. When the marvels of the Roentgen rays were announced, the attention of the world was brought up with a round turn by a discovery almost dramatic in its suddenness and surprise. Such sharp demands are becoming more and more frequent, but if there is anything more wonderful than the amazing nature of such inventions it is the way in which they are received.—Scribner's.

How Dr. Cuyler Became a Minister.
Peter Carter, in Golden Rule, tells how the Rev. Dr. Theodore L. Cuyler became a minister. It was chiefly owing to his mother's influence. Most of Theodore's immediate male ancestors were distinguished lawyers, and one of them offered him a fine library if he would enter the legal profession. His mother, however, had consecrated him to the ministry, and fearing that he might be persuaded into the study of law she sent him abroad, which was the first of his many trips across the sea. While he was absent in Europe, his mother engaged a room for him at Princeton Theological seminary, so strong was her faith that he was to be a minister. On his return from Europe young Cuyler went with his mother to visit some relatives near Ludlowville, N. Y., and while there made two or three addresses at small religious meetings. His addresses were so successful in their effect that he was convinced that the Christian ministry was his proper field of labor.

DELIVERER OF THE PEOPLE

Giant Diseases Slain By His Great Remedy.

It Stands as a Barrier Between Suffering Humanity and The Grave.

Druggists Everywhere Report Enormous Sales of Dr. Hobb's Sparagus Kidney Pills.

What sufferer from kidney disease who has been fortunate enough to take Dr. Hobb's Sparagus Kidney Pills and been cured will not heartily endorse every word in the heading of this article? What man or woman is there to-day who would dare gainsay the healing virtues of Dr. Hobb's Kidney Remedy after the evidence that has been produced in the columns of this paper for several days past.

A well known physician of Reno said yesterday: "At first I was skeptical as to the value of this preparation, but the very favorable reports I frequently hear from those who are using it convince me that it is a wonderful medicine. One of my patients said yesterday: 'I have been taking Dr. Hobb's Sparagus Kidney Pills for about a week and I declare I feel better than I have for ten years,' and he certainly looked better than I ever remember seeing him. I am pretty thoroughly convinced that Hobb's Sparagus Pills will be universally prescribed by the medical profession."

Advice is a good way to let people know that you have something to sell, but it is a mighty expensive operation when the article offered is of no value. The enormous success attained by Dr. Hobb's Sparagus Kidney Pills comes from the fact that those who have benefited tell their friends, and this is the position Dr. Hobb's great discovery occupies in this community to-day.

Evidence of the Following Character is What has Proven Hobb's Sparagus Kidney Pills to be Without a Peer as a Kidney and Rheumatic Cure:

Pittsburg, Pa., Dec. 4, 1895.
Hobbs Remedy Co., Chicago.
Gentlemen:—For years I have been suffering from kidney complaint and acute rheumatism in their most aggravated form. The latter disease, physicians say, was caused by what they claimed was an extraordinary amount of uric acid in the blood. I have tried remedy after remedy, all of which were advertised as the only cure, and have spent hundreds of dollars with different specialists without anything more than temporary relief. My occupation, that of a traveling salesman, was such a detriment to the cure that all the doctors I consulted said I would have to abandon it if I ever expected permanent relief.

Through the advice of one of my friends who had suffered in a like manner, I was persuaded to try Dr. Hobb's Sparagus Kidney Pills. The first dose gave me relief, and four boxes performed a remarkable and complete cure. In fact I am, as all my acquaintances say, a new man.

I would be pleased to answer at any time communications from fellow sufferers. Very gratefully yours,
H. G. MILLER, 393 5th Ave.

An Eminent Divis.
Oct. 30, 1895.
Gentlemen:—Kindly except this expression of my confidence in the virtues of your Sparagus Kidney Pills as a specific for that most insidious affection, Bright's Disease and Kidney troubles.

Having used your pills according to directions, I have found them to act exactly as represented, and I can indorse them in every way.

To all sufferers from kidney trouble in any form I recommend Hobb's Sparagus Kidney Pills as an infallible remedy.

Yours very truly,
Rev. Geo. L. HUNT,

OUR SENATORS AND THE TARIFF.

Senators Stewart and Jones of Nevada, though they do not believe that the tariff is what ails the country, are willing to give it a fair trial. They are not, however, in favor of giving the manufacturers whatever advantages may be derived from the tariff to the detriment of the producers of what are termed raw materials.

In a conference with Senators Allison and Aldrich, of the Republican Sub-Committee, they went over the tariff bill and suggested changes for the benefit of the West. They insisted on an increase of duty on third class wools and a reduction of duty on first and second class wools. They also requested the Republicans to stand by a duty of 1 1/2 cents per pound on hides and on lead ores. They also suggested changes in the sugar schedule, which will make the rate about a cent and a half per pound on sugar testing 90 degrees by the polariscopes.

Senators Jones and Stewart are doing all in their power to advance the interests of the farmers and producers of the West. They do not believe that the manufacturers of the East should have all the benefits that may be derived from tariff legislation. In this respect they differ from the Republicans on the tariff question, and because of the difference they have been soundly denounced by the Republican press of the whole country. They, of course, hold diametrically opposite views from the Republicans on the financial question, and thereby incur the displeasure, if not the hate of the Republican leaders, not only in the East, but in Nevada.

The position of our senators briefly stated, seems to be this: They are in favor of a tariff that will produce sufficient revenue for the support of the Government and of schedules that will be fair to the farmers and producers of the West as well as the East, and they insist on an American financial policy that will make it possible for the people to pay their debts by restoring the money of the Constitution, with or without the consent of Europe.

Who is there in Nevada, except the place hunters and a few moss-back partisans, who see nothing wrong inside their party lines and nothing right outside those lines, that will deny that if the policy advocated by Senators Stewart and Jones and the silver men generally was enforced by legislation, that the whole country would be benefited thereby?

TURKISH GENEROSITY.

Advice received in London from Constantinople state that the Sultan has expressed deep sympathy for King George of Greece. He believes King George was forced into the present conflict with Turkey by revolutionary agents at Athens. Imbued with this idea, he declines to claim a war indemnity from Greece, and proposes a treaty between the Turkish and Greek Governments upon a simultaneous evacuation of Thessaly and Crete. He desires to deal direct with Greece and not through the powers.

If this be true, the Sultan must be as mild a mannered man as ever countenanced the massacre of Armenian and Greek Christians. Should he urge a treaty with Greece, now prostrate at the feet of his victorious army, which would involve the payment of no indemnity and without the intervention of the powers, he would place Greece under no obligations whatever to the latter, and create a better feeling between Greece and Turkey than has ever existed. It would prove to the powers that their intervention is not essential to the maintenance of peace between Moslem and Christian in south-eastern Europe, and that the Turk is much more generous to a fallen foe than the usurers of central and western Europe.

CHAIRMAN DINGLEY tells, that one of the objects of his tariff bill is to create a large surplus in the Treasury so that the currency can be contracted by retiring greenbacks from circulation. There may be no law passed to retire the greenbacks and Treasury notes, but the policy of the Treasury Department will be to pay out no greenbacks that find their way to the Treasury vaults. This will make money scarcer than ever, but a dollar will pay no more debt than it did years ago, when it was more easily obtained.

The Chicago Tribune which was among the most radical and unreasonable advocates of the single gold standard in the Presidential campaign of 1896, is dissatisfied with the Dingley bill. It holds that putting a tariff on wool is a political as well as a financial blunder. It wants a high tariff on manufactured articles, and raw materials on the free list. How does that kind of Republicanism suit Nevada Republicans?

CONGRESSMAN NEWLANDS has secured the establishment of a new postoffice at Joy, White Pine county, with Tim S. Fulton as Postmaster. This is the Bald Mountain Mining Camp and the new office will accommodate a large number of people.

The report that the Spanish Bank at Havana had suspended is contradicted. The report grew out of the suspension of paper bills for silver. The bank is doing business as usual.

WAR NEWS.

GREEK WARSHIPS CAPTURE A
RICH TURKISH PRIZE.A Japanese Man-of-War Arrives at
Honolulu.

The Greco-Turkish War.

CONSTANTINOPLE, May 12.—Advice received to-day from the Island of Skiathos, off the coast of Volos Peninsula, say that the Greek gunboat Venus and the Greek torpedo boat No. 14 captured yesterday off the Island of Tenedos, on the west coast of Asia Minor, a Turkish steamer having on board 100 Turkish soldiers, six officers, 900 martial rifles, several thousand cartridges, six quick firing guns, various military stores and \$4,000 cash. The Greek warships took the prize to the Island of Skiathos.

The Ambassadors met this morning for an exchange of views on the mediation. In the meantime the Turks are advancing toward Athens, Edhem Pasha's original orders being to march on Athens. Uneasiness prevails here on the subject of the peace negotiations. It is feared that reported conditions will render an agreement difficult and cause further complications. It is expected that Russia may propose concessions to the Macedonians.

A director of the Deutsche Bank of Berlin is expected here shortly, with proposals to reorganize the Turkish finances, conclude a loan and secure railway concessions.

The Ambassadors held another meeting this morning, after which they presented at the palace to the Turkish government a collective note, proposing an armistice pending the negotiations for peace between Turkey and Greece now in progress.

The admirals in command of the foreign fleets in Cretan waters have been notified of the mediation of the Powers between Turkey and Greece, and instructed to permit the departure of Greek troops from Crete.

PHARSALOS, May 12.—Edhem Pasha, the Turkish Commander-in-Chief, has established his headquarters on the hill opposite Pharsalos. Greek irregulars are raiding parts of Thessaly, and irregular Greek bands attempted to cut the Turkish line of communication with Ellassona. Important fighting is expected here unless an armistice is immediately agreed upon at Constantinople.

Hawaiian Island News.

SAN FRANCISCO, May 12.—The steamer Australia from Honolulu to-day brings word that on May 6th the Japanese cruiser Naniwa arrived from Yokohama, having on board the Japanese Commissioner, Aki Yama, who is to investigate the cases of the rejected Japanese immigrants. The Commissioner states that his mission at Honolulu is entirely of a friendly nature. If he concludes on investigation that the Hawaiian Government has erred in the matter, a claim for damages will be made on behalf of Japan. The Commissioner denies that Japan is looking for war, and states that everything will be conducted in a diplomatic way.

A market for American labor will surely be opened here in the near future and will be fostered and supported by the Hawaiian Government. The planters have bound themselves to employ American in preference to either European or Asiatic labor. As fast as the contracts of the Asiatics now employed on the various plantations expire they will be sent home and their places filled by Americans.

Congressional.

WASHINGTON, May 12.—Senator Allen of Nebraska has presented a resolution requiring E. R. Chapman to put himself at the bar of the Senate and purge himself of contempt before clemency be extended. The Morgan resolution also went over until to-morrow to permit the Committee on Foreign Relations to present a statement.

Senator Aldrich returned to-day and said that nothing had occurred to change his determination to call up the Tariff bill on May 18th.

Senator Butler to-day introduced a resolution requesting the President to inform the Senate "under what authority the proposed sale of the Union Pacific railroad had been agreed on between the executive and any combination of purchasers."

The Great Kentucky Derby.

LOUISVILLE, Ky., May 12.—The twenty-third Kentucky Derby will be run this afternoon over a heavy course. Six of the best 3-year-olds in the West will face the starter as follows: Ornament, Ben Brown, Dr. Cattle, Typhoon, Dr. Sheppard, Goshen. Ornament, on his 2-year-old form, is the logical favorite, though every colt in the race has a strong following.

Typhoon wins the Derby, Ornament second, Dr. Cattle third. Time, 2:12 1/2.

The Chinese Win.

WASHINGTON, May 12.—In response to the urgent request of the Director General of the Nashville Exposition the Secretary of the Treasury has decided to admit for exposition purposes the 261 Chinamen recently arrived at San Francisco and 64 at Tacoma. The Secretary states, however, that under no circumstance will any additional permits to enter be granted.

JOHN SUNDERLAND.

A Well-Known Young Man.

Mr. Ed. Lachman is one of the best known young men in Reno. The following statement will explain itself:

"RENO, September 4, 1896.

"On Saturday last, while wheeling down the steep grade beyond the Mound House, I had a fall which severely sprained the muscles and tendons about my right hip and so bruised my knee that it was swollen, discolored and painful to the touch. That evening I procured a bottle of Trib and applied it. The next day I could walk and ride easily, and after using Trib twice a day for four consecutive days I was completely cured. I never before knew the value of a good liniment. I shall not be without a bottle of Trib hereafter. Use my name if you see fit. Trib is a good article, the knowledge of which I am willing to aid in spreading."

EDMUND D. LACHMAN.

The above was written to the Trib Company eight months ago. Mr. Lachman says that the cure has proved permanent, and that many of his acquaintances have to his knowledge used Trib with advantage.

The Pathology of Chills.

An eminent medical man is authority for the statement that chills are often caused by the condition of the blood, and that they are curable by proper treatment. He says that the blood is deficient in those qualities that cause coagulation. Children are much more subject to chills than grown persons from this cause. It is also said that a similar condition exists in people who are subject to serious nosebleeds. Those who are subject to malaria are found to have blood in a similar condition. In fact, it is stated that it is possible, even on the western coast of Africa, for patients, after severe attacks of malarial fever, to suffer from chills. As to the treatment, it is necessary to increase the coagulability of the blood, and among other remedies recommended are calcium chloride and careful abstaining from acids, alcohol or excessive quantities of food of any sort. Increasing the coagulability of the blood wrought a complete cure in all cases.—New York Ledger.

Remark Betrayed Him.

He sat in the smoking compartment of the parlor car complacently puffing a Perfecto. His easy manner and his polished language proclaimed him to be a man of the world.

"Of one thing I am certain," he said, "and that is that I understand women thoroughly and completely."

His fellow passengers looked at each other uneasily and made various excuses to leave the compartment.

Two keepers boarded the train at the next station and took the solitary smoker into custody. He had escaped from an insane asylum that morning.—New York Herald.

A Good Judge.

The Viavi Cause.

It is impossible to take Viavi into the system without benefit. It is purely vegetable and as a nerve and tissue builder has no equal. It can be used with perfect safety by the most delicate, and is used upon the smallest children.

Patrons of the remedy can consult our physicians free of charge. I will take pleasure in explaining its various uses to all who may call.

STATE CAPITAL NOTES.

The DeLamar Townsite and Mining Suit—An interesting Proposition—The Promised Pugilistic Carnival—Incidental Items.

The suit brought to determine the ownership of a certain portion of the townsite of DeLamar, Lincoln county, came up in the U. S. District Court today before Judge Hawley.

The case is entitled Bonner, et al., vs Kiekel, et al. Judge Powers of Salt Lake representing the townsite claimants and Judge Henry Rives of Eureka the DeLamar Mining Company.

Powers claims the ground in dispute to be non-mineral ground, therefore not subject to mining claim. Rives claims the ground was located for mining in 1892, becoming the property of the DeLamar Mining Company, while the townsite was not located till 1894, two years later.

Numerous witnesses were on hand today, and hundreds of pounds of DeLamar rock brought into court and exhibited in evidence. Three witnesses gave depositions on behalf of the townsite, closely and ably catechized at considerable length by Rives, and at 4 p. m. court adjourned till 10 a. m. to-morrow.

The case is evidently one of great importance, in its peculiar line, and promises to occupy several days more or less.

And now Dan Stuart writes that he is affecting good arrangements for a lively and successful pugilistic carnival this fall, about in September, to last for a week or more in connection with our annual fair and races. Fitzsimmons and Joe Goddard are to be the principal event, and others nearly as prominent on the program. The defective kinetoscope pictures of the recent Fitzsimmons fight are being fixed up and soon to be placed on exhibition. It is a little difficult for people who witnessed that famous contest, on one of the finest, clearest and most favorable day in the world, to realize how there should have been any sort of a failure or defect in the pictures except through fault in the process or the machine.

Prospectors are daily leaving in quest of new mining discoveries to conquer, or to start up work on old locations.

If we don't have any more late frosts the fruit crop about this section will be much better than usual. Let the wave of prosperity hold good to us in that respect. ALF DOREN.

Carson, May 12, 1897.

Aleck Dromlack's Experience With a Bovine.

Aleck Dromlack had an experience a day or two ago with a cow that had fallen into a culvert above town that he delights in telling to his most intimate friends. The story is about as follows, barring some of the emphatic expletives that Aleck has not become familiar enough with the English language yet to exactly understand the meaning of:

"Well, I tell you boys. I was working on my place, and that cow he got into the railroad culvert up there, and a woman he comes along and says to me: 'Sir, why you don't help that poor cow out of the trouble.' I says, 'Madam, I got no business monkeying with that cow, he no b'long to me.' The woman look at me as much to say, 'You big stiff, go help the cow.' Well, I went over there, and I don't see what to do. The cow's legs don't stand on no ground; you think I'm going to pick him up? Not if Big Aleck know himself. Well, I pull his tail and he kick, but no get out. Pretty soon I roll him off track, and say: 'D—n you! Mind your own business! That's what! That cow look at me, then come knock me down twice. I get up, back up to fence, and cow come at me again. I grab him by horns, just like a Mal-doon. The next thing I know I was behind that cow flat on the ground. I hear some feller tell once if you get chase with cow to play dead, so I lay still and he shook his head and walk off. Simeby I get up look all around for that woman but don't see him."

A Workingman is Entitled to Some Recreation.

Rev. F. H. Briggs of Santa Cruz has attacked the custom of playing baseball games on Sunday. Mr. Briggs approves of the national game, but thinks that some other day in the week should be chosen for such athletic sports. He does not, however, suggest any way how men who have to work six days in the week and from ten to twelve hours a day, can persuade their employers to grant them the time on week days to enjoy a little innocent recreation. Doubtless the reverend gentleman would consider the duty of the workingman to be to spend four or five hours of his Sunday in a stuffy church listening to a discourse on the probable conditions, etc., of a future state, but in these days of liberal views and independent thought it is a pretty hard matter to convince a man that the only time that he should not be under some character of restraint are the few hours allowed him to sleep.

Grand Officers A. O. U. W.

The following grand officers have been elected by the Grand Lodge, A. O. U. W., to serve for the ensuing year: Grand Master, E. M. Reynolds of Carson; Grand Foreman, M. G. Cecil of Elko; Grand Overseer, R. L. Bunnell of Reno; Grand Recorder, J. E. Gignoux of Dayton; Grand Receiver, H. L. Fish of Reno; Grand Guide, John C. Crowley of Gold Hill; Grand Inside Watchman, F. G. Folsom of Carson; Grand Outside Watchman, Greely French of Silver City; Grand Trustees—Long Term, C. J. Rollins of Reno; Short Term, F. E. Murphy of Carson; Supreme Representatives—W. L. Taylor of Carson, C. A. LaGrave of Winnemucca, L. M. Gile of Virginia.

BREVITIES.

Rev. Father Yorks was a passenger for California yesterday morning.

Mrs. M. T. Barnett was a passenger for San Francisco on yesterday's west-bound.

Winnemucca is trying to stir up a little Fourth of July patriotism with a view of having a celebration.

Yesterday morning's westbound passenger was several hours late, arriving after 1 o'clock in the afternoon.

There is talk of a new electric light company. Parties have expressed their readiness to take stock in such a project.

The ball game between the Coronado of Reno and the Stars of Virginia on next Saturday promises to be an exciting event. An admission of 25 cents will be charged.

Henry Riter received a large supply of Peavine mineral water yesterday. All mixed drinks are prepared with this water at the Elite and the water is free to all patrons.

The Gazette reports Dennis, son of James Sullivan, very low with typhoid fever. The Journal joins its neighbor in hoping that he will recover, for Dennis is one of our best young men.

Secretary of State Howell reports that he will have the new statutes ready for distribution the last of this week. This a very early date considering the delay caused by the fire that occurred in the State Printing Office during the session of the Legislature.

It has been generally stated that the funds at the disposition of the town council, viz., about \$5,802, amount to as much as they did one year or two years ago. It has not, however, been stated that \$1,780 for bonds and interest should have been deducted from the above. This would leave the fund considerably less than last year.

First Annual Reception and May Party.

The University of Nevada Cadet Corps, Lieutenant W. R. Hamilton, 5th U. S. Artillery, Commandant, will give its First Annual Reception and May Party at the University Drill Hall and Armory at Reno, Nevada, May 14, 1897. The program will consist of the following features: Selection 8:30 p. m. Cadet Band; review and drill of Cadet Battalion before his Excellency Governor R. S. Sador, 8:40 to 8:55 p. m.; Cadet Major G. R. Bliss commanding; Cadet Robert Brambila, Captain Co. A.; Cadet J. Magill, Captain Co. B.; Cadet D. J. Fitzgerald, Lieutenant and Adjutant; Cadet J. M. Thompson, Lieutenant and Quartermaster.

Competitive drill between Companies A. and B. for the honor of carrying Battalion Flag for the year 1897-1898. Three sets of fours in each company; ten minutes allowed to drill a specified program; judges, Captain B. A. Hass, Nevada National Guard, Frank Norcross and E. L. Osburn.

May dance by twenty-five couples: May Queen, Miss Loretta Hickey; Prince Consort, J. F. Thompson.

Reception and promenade concert of twenty minutes.

Intermission of five minutes, 10:10 p. m.

Part second—Dancing.

For the Benefit of the Bell Fund.

The Reno Dramatic Club has volunteered to give "The Ensign" at the Opera House on next Saturday afternoon at popular prices for the benefit of the High School Bell Fund. The play will be presented with all of the specially prepared scenery and a full company. Adults will be charged 25 cents, children 15 cents, and two children from the same family 25 cents. The Reno Dramatic Club produced the play here some time ago at a cost of \$150, and within the last few days played to a large audience at Virginia City.

The benefit is in a good cause and should be well patronized, besides all who attend may be assured of receiving full value for their money.

Virginia High School Seniors.

Principal Averill of the Virginia High School accompanied by the Senior Class, consisting of the Misses May Dunlap, Carrie Klaus, Adah French, Lydia Luke, Clara Biorth, Georgia Bennett, Mary O. Leary, Mary Desmond, Florence Cameron, May Holland, Salome Moore, Mamie Tobin, Carrie Hurley, and Masters Dan Sullivan, Bert Harrington and Patrick Quinn arrived by private conveyance yesterday morning and visited the Public Schools, University and other places of interest.

They were banquetted by the members of the Senior Class of the Reno High School at the Investment Hall in the afternoon and returned home in the evening.

The Discovery Saved His Life.

M. G. Caillonette, Druggist, Beaverville, Ill., says: To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial bottle at S. J. Hodgkinson's Drug Store.

San Francisco School Census.

The school census, just completed, of San Francisco shows that there are 74,840 children of school age, an increase of 8,018 over the last census. This large increase shows that the population of San Francisco must gradually be growing larger by new people coming in, or else the climate is peculiarly adapted to child culture.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

General Assembly.

Dr. Bergstein lectured at General Assembly at the University yesterday, on the effect of alcohol on the nervous system. The lecture was from a scientific standpoint and was an able and convincing address. The Doctor explained the effects of stimulants on the brain and the almost universal conditions that follow a continuous use of alcoholic drink. He cited various instances of record to illustrate not only the evil effects on mind and body, of those who indulged, but its frequent direct cause of crime.

His lecture was listened to with marked attention by all present and no doubt the truthful words the Doctor spoke will make a lasting impression on the minds of the students and be a source of warning to them.

The exercises were held in the new Gymnasium Building, and Professor Thurtell delivered a brief address in recognition of the occasion and the first General Assembly held in the new hall.

The acoustic properties of the new Gymnasium proved to be almost perfect. Dr. Stubbs and others were careful observers during the addresses of the two gentlemen, and they say that every word and syllable spoken could be easily heard in every part of the large room.

Veterinary Surgeon.

Does it occur to you that your horses teeth are subject to a similar process of decay as that of your own and that the pain is identical? You can choose your food and pick your teeth, but the horse is unable to do either. Consider the pain the animal must suffer. The tooth may be ulcerated, split, uneven or sharp, in the latter case lacerating the cheek, causing severe suffering and contributing to the animal's poor condition. Have them examined and attended to.

F. DeBore, doctor of veterinary surgery, will give scientific treatment. Also treats all diseases of domestic animals.

Call on him at T. K. Hymers' livery stable or at his residence, west side of West street between Second and Commercial Row.

Durrant's Fight For Life.

The appeal of Theodore Durrant to Governor Budd for mercy was formally presented yesterday. Petitions have been generally circulated at San Francisco asking the Governor to commute the sentence of death to life imprisonment, but some trouble has been met in obtaining signatures.

While every effort will be made to win executive clemency, provision is being made for the contingency of failure, and there are several legal phases in the case that will be taken advantage of and the battle will be continued in the courts.

It is plain to be seen that a wonderful effort will be made to save the condemned man and it is quite probable that his attorneys will succeed.

Cure For Headache.

As a remedy for all forms of headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at S. J. Hodgkinson's Drug Store.

DISSOLUTION OF PARTNERSHIP.
NOTICE OF DISSOLUTION OF PART-
nership.
We, the undersigned, hereby notify all
persons whom it may concern, that by mutual
consent, we have this day dissolved the
partnership in the bank, express and trust
business heretofore carried on by each of
us at Reno, Washoe county, State of Nevada,
under the firm name and style of "The Ry-
land Transfer Co." That all debts due said
company are transferred to J. J. Ryland, and
that he will pay all debts of said com-
pany except one provided to be paid by said
W. J. Cooksey in their agreement of dis-
solution.
Witness our hands this 6th day of May,
